

REPUBLIC OF SOUTH SUDAN  
CENTRAL EQUATORIA STATE - JUBA  
MINISTRY OF HEALTH

---

GENERAL CORRESPONDENCE

---

No: SMOH/S&E/CES/Juba.

Date: 28<sup>th</sup> November, 2014.

**To the Gelfand Family Charitable Trust.**

The State Ministry of Health of Central Equatoria State, South Sudan, would like to express its sincere gratitude to the Gelfand Family Charitable Trust for its support to the much needed health program currently implemented by IsreAID in Terekeka County.

Terekeka has, over the years received very limited support from partners despite the great needs especially in the health sector.

We therefore particularly appreciate the Trust's efforts to build the capacity of medical personnel in this County and to distribute medical items for the health facilities.

Developing a solid primary health care system in Central Equatoria State is one of the core priorities of our government, and we thank you for contributing to the development of our State.

Sincerely,

  
  
**DR. PAUL TINGWA  
DIRECTOR GENERAL,  
STATE MINISTRY OF HEALTH  
CENTRAL EQUATORIA STATE/JUBA.**
